

Medical Grade Absorbent Pads

Product Data Sheets

Features

- Keep areas safe and dry.
- Individually packaged for ease of use.
- Leak-proof poly-backing traps liquids and protects floors from getting wet.
- Skid-resistant backing for a safe non-slip/trip work surfaces.
- Up to 1.5 Liters per pad absorbency.

G28X42PLY

Description

This absorbent has a bottom layer that has a virtually leak proof, low slip poly backing. The top surface is made from a tough, no lint cover which can withstand prolonged foot and cart traffic.

This pad outperforms competing, old technology, meltblown. Unlike meltblown pads, the top sheet features no lint and is bonded over its entire surface.

Specifications		Logistics	
Brand:	Spilfyter	Shipping Height (in):	
Product Category:	OR Fluid Control	Shipping Length (in):	
Product Type:	Pads	Shipping Width (in):	
Liquids Absorbed:	Universal	Cube:
