

Our High Performance Foam-filled sock *absorbs up to 50% More Fluid!*

## A HazMat 3" x 4' Super Absorbent Sock made from 100% Post Industrial Material

### HazMat Super Absorbent Sock

ESP's proprietary **Super Absorbent Foam** filled socks are the ultimate all purpose sock, ideal for all your MRO and emergency spill response needs. **They absorb up to 50% more than the traditional polypropylene sock** sold by most of our competitors.

The Super Absorbent Foam is equally effective for absorbing and retaining both oil based and water based chemicals & fluids and is made from 100% Post Industrial material. The Super Absorbent Foam is in all our Universal and HazMat socks and pillows. The socks feature a tough spun-bond outer sleeve that has a durable heat sealed seam running it's entire length and is secured at each end with a durable metal clip. The spun-bond sleeve makes the sock very strong and is a no lint product and it will not shed any loose fibres.

Spun bond "no-lint" outer sleeve with a Recycled Post Industrial Foam Core

### Features & Benefits:

- Also available in 10' or 12' lengths as Non Stock items - Please inquire!
- **Colour coded for safety** for working with aggressive or hazardous chemicals - Signals worker safety for proper PPE
- **Super Absorbent Foam filler** that **absorbs and locks in up to 50% more fluid** – both water (aqueous) based and oil based fluids
- Super Absorbent Foam wicks fluid faster and does not shed, drip or leak making for greater operational efficiencies in cleaning & disposing
- Will not become slippery even when fully saturated
- Only universal sock that absorbs **equally effective for both water & oil based fluids**
- Sustainable sorbent filler made from **100% Post Industrial Material!**
- Premium performance – **Value Priced!**
- Ideal for when your application requires greater flexibility and/or absorbency.
- Socks mold around equipment and fit in hard to reach places.
- Great wicking and performance for all of your leaks, drips and spills.

### Specifications:

Brand	ESP SAF Sock
Product Category	Sorbent Socks and Pillow
Product Type	Sock
Liquids Absorbed	HazMat
Color/Colour	Yellow
Package Count	30
Product Width (in)	3
Product Length (in)	48
Construction	Foam Filled closed end tubular sock
Absorbency (Gal)	40
Packaging Type	Box
UPC	810042420892

### Logistics:

Shipping Height (in)	22
Shipping Length (in)	20
Shipping Width (in)	24
Cube	6.11
Shipping Weight (lb)	25
Layers per Pallet	4
Cases per Layer	4
Pallet Count	16
Pallet Dimensions (in)	40x48x93
NMFC	149265-4
